Kidspotter

General information

A deposit of DKK 100 and a fee of DKK 30 are required when renting a Kidspotter armband – the deposit is refunded when you return the armband at the end of your visit.

Sending a text message using the Kidspotter system costs the same as a standard text message. The Kidspotter is waterproof.

LEGOLAND is not responsible for delays that might occur due to heavy mobile traffic. If you do not receive a text message within 1-2 minutes of sending one, please try again. If it still doesn't work, please go to the Information centre at the entrance, where you will be informed where your child is in the park. LEGOLAND cannot be held responsible for any technical difficulties or failures. Please return to the Information centre at the entrance if problems persist.

If your child is inside a building, you will be informed of his or her last position prior to entering the building in question. Prior to using the system, you will be asked to sign the attached statement, which gives LEGOLAND the right to register data regarding your child's movements in the park.

Returning the Kidspotter armband

Your deposit will be refunded in the Information centre at the entrance to the park, if you return the Kidspotter during official opening hours. Outside opening hours, Kidspotter armbands can be returned via the post box outside the Information centre. However, this will mean that we are unable to refund your deposit.

The armband will only work on the day it has been rented out.

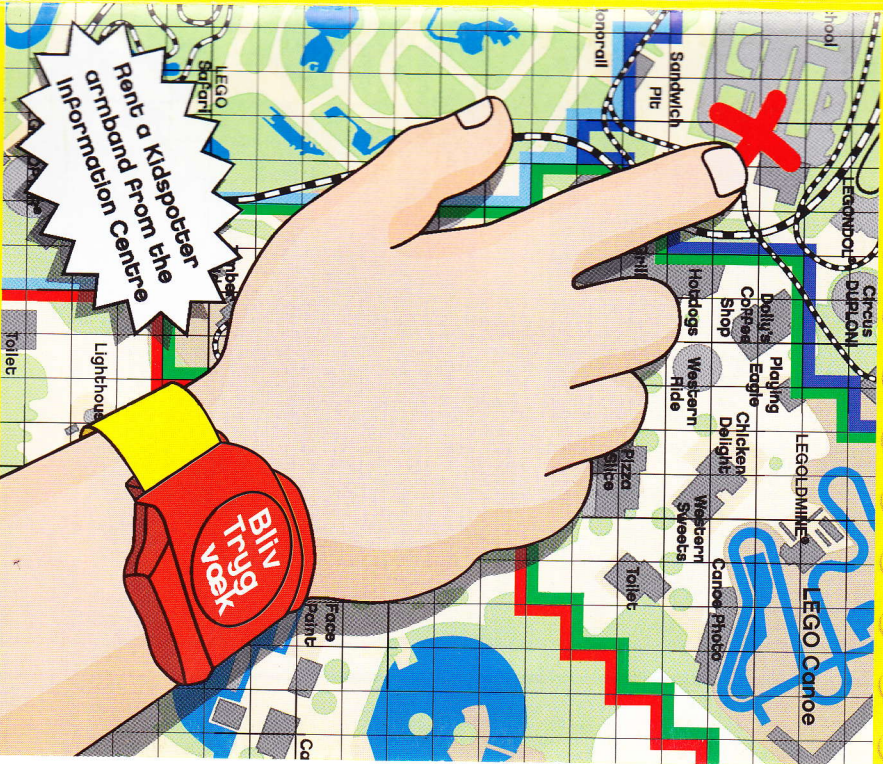

The Kidspotter armband in LEGOLAND is sponsored by the Danish insurance company Tryg.
